## **Categories and nomination criteria**

We look for people who represent the values of martial arts and sports or who have earned great respect in the world of martial arts until 1st of April 2017. These people are chosen based on seven different categories.

Do you know anyone of whom you are convinced that he or she deserves to be nominated for an MHE WuShido<sup>®</sup> Award? Or do you think you could be nominated yourself? The winners of this award will be listed together with their school in the martial-arts directory as well as in the media, our MHE-website and our facebook group.

The seven categories and their criteria for nomination are listed below.
