

European Martial Arts Council

Be EMAC member, why?

The basic idea speaks for itself, so do its advantages:

The EMAC (European Martial Arts Council) was created for martial arts and fighting sports

- › By famous renowned representatives of these disciplines
- › To create a common quality standard
- › To exchange constructively within the MHE, whatever the style and association, in order to share these qualities with a wide public as well as professional circles
- › To counteract negative and mercantile international developments by organizing high-standard seminars based on real values and an acknowledgment Gala dinner
- › Thereby the fighting sports and martial arts values are again perceived under a correct light
- › To strengthen and share this vision with new constructive and positive sympathizers (national and international ambassadors favorable to the know-how transmission)
- › Proximity projects (to anchor the EMACs statutes) and
- › Quality standards by Rating, education and continuing education as well as
- › Certification for instructors, masters and

Grand Masters

- › Etc.

All this for new members at minimal fees of

- › CHF 120.- annual fees per school or association
- › Participation in the MHE “Masters hall of honor and fame Europe” (travel expenses, accommodation, food and participation in the WuShido® Award Galadinner at special conditions for members/consultants).
- › Ambassadors (regional and country level) are free to assist regular sessions, workshops without repetitive taxes and fees.

Why is the participation in the MHE so fascinating? Why can't one pay an award?

If everyone can become member of the EMAC, all cannot be honored. There is no such thing as the “pupil of the year”. Every martial artist is in oneself a pupil of the year, no matter his rank. Whether one passes or not an exam, one can say to oneself that one is a martial artist.

Is honored only:

1. The one who fulfills the criteria in the approach by first-in first-out submitting of the complete documents. A third party can also follow this procedure for his Master, Grand Master.
2. A prospect candidature becomes officially “Nominé” only after validation of the candidature by independent specialized EMAC experts (MHE WuShido® Award Committee).
3. The “Nominés WuShido®” are distinguished exclusively during the Gala dinner with a trophy in one of only 8 categories. No trophy is to be bought or sent by mail.
4. Gala Dinner dress code for women: cocktail or evening dress and tuxedo or suit for the men. Only guests respecting the dress code will be welcomed. Offenders will not have access nor get reimbursed.
5. Pictures: image rights are resigned. Pro-

Professional photographers care for the fact that unforgettable moments are held in the best quality. Who would like to order pictures may gladly acquire them. We so hope that participants will be able to keep their most beautiful memories of this shared friendship gala dinner and at the same time respect the national and international evening standing.

Each consultant in charge of one or several seminars belongs to the top league:

He will share with up to 3 other consultants a discipline/style platform for 1 hour. Ego is not asked, but team spirit underlining outwardly our common mission is welcome.

EMAC-Ambassadors have priority followed by the Seniority principle. Who does not appear, replaced by an equivalent acting representative if necessary, and is absent more than once at the Gala dinner will not have the consultant status anymore.

According to the principle of rotation, the consultants can change every year. This because all top consultants should also be able to invest in new obligations and commitment for the EMAC and their own development.

For CHF 50.- paid beforehand - every consultant can benefit from a MHE photo service including two advertising photos by seminar.

Martial Arts Directory

In addition to the growing Facebook scene, a new website will come in the foreseeable future for the purposes of the MHE: the "Martial-Arts.directory". As in an advertisement, all EMAC members could present themselves there and also be founded at a national and international level. According to their offer, infrastructure and education, EMAC members will get a quality Rating.

The one who puts a lot actively must be able to participate in the synergy.

What do I get as a MHE-Nominé / adviser?

Accepted MHE-Nominés / advisers get a whole package including:

- › EUR 2'500 advertising (names will be resumed on all MHE social media, large visibility on regional television and the press).
- › 15% reduction on all admission tickets ordered in advance* (see Code*).
- › As of 10 entrance cards sold for "Martial Arts Expo" or 5 reservations for the gala dinner, the participation of the nominé at the Gala dinner is FREE
- › Discount given to the spouses for the Gala dinner.

The vision stands in the center

Yes, becoming an EMAC member, as "Ambassador", whether regional, national or as active country representative for this community has many advantages. However, something is required: a commitment to the vision. Then YOU are very welcome

Other EMAC details are in the statutes (europeanmartialartscouncil.eu/statute): from fight sports practitioners and martial artists, to industry specialists, adult education and jurisprudence.

EMAC: that is why combat sportsmen and martial artists have a common vision.

Damian Mohler

President of the European Martial Arts Council

Founder and chairman of the MHE - Masters Hall of Honor and Fame Europe
